GENERAL INSTRUCTIONS AND NOTES

This time-table should be displayed on the centre notice board.

1. The time allowed for each paper is shown against the name of the paper and **NO EXTRA TIME IS TO BE ALLOWED**. Any time allocated for reading through questions, studying maps, etc is included in the total time shown.
2. Centres please note that the time-tabled examination dates (as appearing on this time-table) take precedence over all examination dates quoted elsewhere in any other documents from ZIMSEC, viz:- statements of entry, attendance registers, etc, unless otherwise advised officially by the Council in separate correspondence other than documents quoted above.
- 3.1 Papers included in the same session: Where a candidate is offering two papers of the same subject which are time-tabled for the same examination session, a short break should be allowed between the two papers.
- 3.2 Time-table clashes: If a candidate is entered for two or more papers that are time-tabled for the same examination session, both papers must be taken in the same session. A time-table deviation application must be submitted to ZIMSEC before the examination.

Please note that in all instances where a time-table deviation occurs, candidates starting an examination other than at the scheduled time must be kept isolated from candidates who have already taken the paper. For further information regarding time-table clashes, please contact ZIMSEC.

4. The ZIMSEC regulations specify that entries to all Subjects which require specified examination equipment may only be accepted from Centres which are approved as being adequately equipped. On this basis ZIMSEC lays down the date and time of the examination and no other periods are permitted.
